From,

J.F. Bourinot, Esquire,

Deputy Commissioner,

Mysore District.

To,

The Hon'ble Major, Sir [illegible], K.C.S.I., K.B.E.,

Secretary to the Government of His Highness

the Maharaja of Mysore, Miscellaneous Department,

Bangalore.

Sir,

I have the honour to submit herewith a report received from the Amildar of Periyapatna Taluk, in August 1916, pointing out the necessity of repairing the Mallalatte Channel in Hullahalli, Periyapatna Hobli, and estimated for Rs.75/- thereof was submitted to Government in C.C. No.1059-60/M.D. 19-16-2 dated 20-1-1917.

The work executed is briefly reported in the Amildar's letter No. [illegible] dated 20th March 1917 and the Executive Engineer's letter No. [illegible] dated 20th March 1917, from which it appears that the channel was not cleared of silt and the bunds were not repaired as proposed.

2. I regret the publication of the estimate for the repairs of Hullahalli channel before the necessity for the repairs was properly investigated.

4. The Executive Engineer reports that the channel is not in use and that the ryots have not applied for the repairs. It is also reported that some other work is more urgently necessary and that the channel may be repaired when funds are available. I therefore propose the cancellation of the estimate for Rs.75/-.

5. I request that the Government may be moved in the matter.

The charge may be met out o the finds av il ble at the credit of the Sri Agasthesvara ... y Temple at Tirumaluvu, ich is st to amount at present to Rs.7,55o-15-7 as on ... to the said account. The original Sanctioned Estimate, may be caused to be Cancelled.

2 The file of vernacular correspondence ... with ... Taluk Amildar's Report No.2 dated 10-7-21 is submitted herewith for reference.

I have the honor to be,

Sir,

CIRCULAR.

Instances have come to the notice of Government in which, in consequence of the inadequate [illegible] of the time originally fixed for the completion of the construction or repairs of municipal institutions, revised estimates involving a large increase in expenditure have been submitted subsequently. This should be avoided in future. Every sanctioned work should be completed, except under otherwise specifically stated circumstances, within the time originally fixed for the execution of the work. If, however, any such work cannot be completed within this period, Government should be approached as early as practicable, either for an extension of time or, for the cancellation of the sanction, with a clear explanation of the circumstances rendering impossible the execution of the work within the allotted time.
